

Pocket of Calm

A guided journaling companion for small returns

Stillwork Studio

THE RITUAL LIBRARY

A note before you begin

This book and deck are personal reflection tools. They are not therapy, medical care, diagnosis, crisis support, or a substitute for professional advice. Skip any prompt that does not fit; seek appropriate professional or urgent support when needed.

The boxed deck is optional. This paperback companion includes all 54 prompts as a stand-alone journal.

Copyright © 2026 Stillwork Studio. All rights reserved.

Prepublication candidate: do not publish until the brand-owned QR/audio route, claims review, KDP preflight, and physical-proof gates are complete.

When a blank journal is too much, begin with one small question.

Choose a prompt at random, start with the family that fits, or read one and close the book. There is no streak to keep and no right answer to find.
