

THE MIDDLE SEASON

A Perimenopause Journal & Symptom Tracker

160 undated pages

QUIET MIND PRESS

The Middle Season

A calm, private tracker for the middle season: daily symptoms, intensity, sleep, and context; weekly pattern pages; monthly reviews; and a doctor file that turns 'I've been feeling off' into data. Not medical advice — a companion for your own records and appointments.

How this tracker works

Daily log

Twelve common symptoms, intensity scale, sleep and context checkboxes.

Weekly pattern

Seven shade-in squares plus triggers and what helped.

Monthly review

Dominant patterns and questions for your next appointment.

Doctor file

Bring the book. Let it speak in specifics.
