A note before you begin

This journal is a personal tracking and management tool only. It is not medical advice, diagnosis, or treatment, and it is not a substitute for care from a licensed clinician. It is not affiliated with, endorsed by, or sponsored by any medication manufacturer or healthcare brand. Do not start, stop, or change a medication, meal plan, or activity based on this book. Record only what your own prescriber has directed. If you notice concerning symptoms, seek professional medical care promptly.

How to use this journal

One page, one day

- Write the peak craving, not a moral essay. Triggers are logistics (place, time, body) more than identity.
- Protective moves are checkboxes so you can see which skills you actually use.
- This interior is gender-neutral and not affiliated with AA or any recovery brand. Use whatever support system you already have.

Marks & scales

Use these marks consistently so patterns are easy to see later — and easy to share with your care team.
