Burnout & Energy Budget

*Twelve weeks for knowledge-work humans: meetings, recovery,
resentment, sleep*

Undated · Personal use · Not medical advice

A note before you begin

This journal is a personal tracking and management tool only. It is not medical advice, diagnosis, or treatment, and it is not a substitute for care from a licensed clinician. It is not affiliated with, endorsed by, or sponsored by any medication manufacturer or healthcare brand. Do not start, stop, or change a medication, meal plan, or activity based on this book. Record only what your own prescriber has directed. If you notice concerning symptoms, seek professional medical care promptly.

This journal is a personal tracking tool. It is not therapy, diagnosis, or treatment. Seek urgent care for chest pain, fainting, thoughts of harm, or a sudden change you cannot explain. Collapse, chest pain, or inability to get out of bed needs a clinician, not a better budget.

How to use this journal

Budget, not a grind

- Daily: energy in the morning, meetings that took more than they gave, one recovery, resentment tick.
- Weekly: what to decline, what to delegate, what is not yours.
- This is not a hustle journal. If a page makes you add more, you are misusing it.

Marks & scales

Use these marks consistently so patterns are easy to see later — and easy to share with your care team.

Resentment	A useful signal, not a personality
Recovery	Something that actually returns energy
