

KDP COMPLETE KIT

Thirty-Six Tracking Journals

Interiors, wrap covers, and listing copy — ready to upload

Vol 1: 18 core journals Vol 2: 18 premium companions

Undated · Grayscale interiors · Discreet giftable covers

How to upload

One title at a time. Interior PDF + wrap cover PDF.

1. Create a KDP paperback. Bleed OFF. Interior type: black & white. Paper: white.
2. Set trim to the size on the title's listing sheet (6×9, 5×8, or 8.5×11).
3. Upload the interior PDF. Confirm page count matches the listing sheet.
4. Upload the COVER WRAP PDF (not the front-only file). KDP will place the barcode in the reserved white box on the back.
5. Paste title, subtitle, HTML description, and 7 keywords from listing.txt.
6. Pick two BISAC categories. Set price. Order a proof before opening ads.
7. Replace [Your name or imprint] — covers intentionally have no fake publisher.

Do not merge cover + interior. KDP wants two files.

Do not put Ozempic in your title unless you accept Amazon's brand-name filter;

GLP-1 is the safer stem. Keep claims to tracking / management.

07 Titration is 5×8 (KDP has no 4×6). 09 Calendar is 8.5×11.

Spine text is omitted under 79 pages (KDP rule) — title 07.
