A note before you begin

This journal is a personal tracking and management tool only. It is not medical advice, diagnosis, or treatment, and it is not a substitute for care from a licensed clinician. It is not affiliated with, endorsed by, or sponsored by any medication manufacturer or healthcare brand. Do not start, stop, or change a medication, meal plan, or activity based on this book. Record only what your own prescriber has directed. If you notice concerning symptoms, seek professional medical care promptly.

This journal is a personal tracking and management tool. It is not treatment, therapy, or a diagnosis. It does not replace a clinician, counselor, pelvic-floor physical therapist, registered dietitian, or other licensed professional. Fasting is not appropriate for everyone (pregnancy, some medical conditions, history of disordered eating, certain medications). Ask a clinician before you change eating windows.

How to use this journal

Shade the bar, do not chase a brand of fasting

- Tick the window you intended, then shade hours you actually fasted on the 24-hour bar.
- Hydration row is for water and whatever non-caloric drinks you already use. This book does not tell you to black-coffee your way through a morning.
- Skip the weight sparkline if weighing is unhelpful. The window is the point.

Marks & scales

Use these marks consistently so patterns are easy to see later — and easy to share with your care team.

24-hour bar	00 at left, 24 at right. Shade fasted hours.
Window labels	Your choice to record — not a prescription
