

One Minute at My Desk

Sixty small desk resets for full days

Stillwork Studio

THE RITUAL LIBRARY

A note before you begin

General reflection only. Do not make medical, therapeutic, or workplace-performance claims.

This is a personal reflection product. Use only the pages that help. Finalize the named imprint, exact QR/audio route, and all release gates before publication.

A minute can be enough.

These practices are designed to be read at a desk in 30–90 seconds. They are invitations, not performance tools. Skip any that do not fit your day.
