How this journal works

Four rings

- Score each ring 0-10 or tick the range box. Gauge reading is faster and truer than 'felt fine'.

Morning fog

- One honest number before coffee. The trend line takes the fog out of the week.

No conclusions

- Record what your device and body say. Clinicians read trend lines, not adjectives.

Marks & scales

Use these marks consistently so patterns are easy to see later — and easy to share with your care team.

Where I am starting

One honest thing I already know:

One thing I want the record to show:

Where I want to be in 30 days:

One rule I am setting for myself:
