CHRONIC CARE SERIES

Type 1 Diabetes Bolt Log

Carb, insulin and correction record — write what your clinician directed

Live inside the range.

Ninety undated days · 6 × 9 in

Undated · Personal use · Not medical advice

A note before you begin

This journal is a personal tracking and management tool only. It is not medical advice, diagnosis, or treatment, and it is not a substitute for care from a licensed clinician. It is not affiliated with, endorsed by, or sponsored by any medication manufacturer or healthcare brand. Do not start, stop, or change a medication, meal plan, or activity based on this book. Record only what your own prescriber has directed. If you notice concerning symptoms, seek professional medical care promptly.

Personal tracking / management tool only. Not medical advice. Records what you and your own care team directed; this book gives no advice.

How this journal works

One row per entry

- The bolt log puts carbs, insulin, and corrections side by side so the relationship shows itself. No advice is given — only columns.

Prescribed only

- Write exactly what your clinician directed. This book does not dose, correct, or suggest.

Hypo notes

- Use the flagged column for lows. Bring the whole row to clinic — it is sharper than recall.

Marks & scales

Use these marks consistently so patterns are easy to see later — and easy to share with your care team.

Ins	as directed
Corr	as directed

Where I am starting

One honest thing I already know:

One thing I want the record to show:

Where I want to be in 30 days:

One rule I am setting for myself:
