How this journal works

Two numbers

- Stress at breakfast, GI at dinner. Two scales, nothing else.

The grid

- Drop one dot per day. The 30-day grid is the correlation — no statistics needed.

Wiring map

- Each Sunday draw lines between stress and GI days. You will see the wires, not guess at them.

Marks & scales

Use these marks consistently so patterns are easy to see later — and easy to share with your care team.

Where I am starting

One honest thing I already know:

One thing I want the record to show:

Where I want to be in 30 days:

One rule I am setting for myself:
