A note before you begin

This journal is a personal tracking and management tool only. It is not medical advice, diagnosis, or treatment, and it is not a substitute for care from a licensed clinician. It is not affiliated with, endorsed by, or sponsored by any medication manufacturer or healthcare brand. Do not start, stop, or change a medication, meal plan, or activity based on this book. Record only what your own prescriber has directed. If you notice concerning symptoms, seek professional medical care promptly.

Personal tracking / management tool only. Not medical advice. Records what you and your own care team directed; this book gives no advice.

How this journal works

Two readings

- Charge before and after. The gap is the data, not a personality flaw.

Recharge map

- Pick from the menu: silence, walk, book, headphones. What recharges is yours to define.

Script wallet

- Three exits written once: 'I have to go', 'I'm worn', 'rain check'. Exits are kindness, not rudeness.

Marks & scales

Use these marks consistently so patterns are easy to see later — and easy to share with your care team.

Where I am starting

One honest thing I already know:

One thing I want the record to show:

Where I want to be in 30 days:

One rule I am setting for myself:
