How this journal works

Copy sheets

- Enter each result as it is given. The sheet is a filing system, not a verdict.

Symptom grid

- Tick what changed: swell, energy, sleep, appetite. Grids are faster than recall.

Appointment brief

- One page: what changed, what I want to ask. The brief is your voice at the desk.

Marks & scales

Use these marks consistently so patterns are easy to see later — and easy to share with your care team.

Where I am starting

One honest thing I already know:

One thing I want the record to show:

Where I want to be in 30 days:

One rule I am setting for myself:
