How this journal works

Band, not grade

- Green: full. Yellow: half. Red: rest. Bands are information, not failure.

Load count

- Count sensory inputs: noise, crowds, screens, demands. Load is the number that matters.

Recovery steps

- Choose one from the map: quiet, stim, rest, exit. The map is permission, not a protocol.

Marks & scales

Use these marks consistently so patterns are easy to see later — and easy to share with your care team.

G	full
Y	half
R	rest

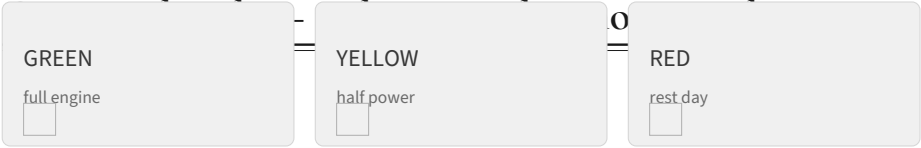

Where I am starting

One honest thing I already know:

One thing I want the record to show:

Where I want to be in 30 days:

One rule I am setting for myself:
