

Stillness & Stretch

Slow shapes, body-scan pages, and permission to pause

Stillwork Studio

A note before you begin

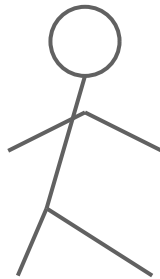

Not exercise instruction or medical advice. Do not make post-injection safety claims; have movement copy reviewed.

This is a personal reflection product. Use only the pages that help. Finalize the named imprint, exact QR/audio route, and all release gates before publication.

Slow is a valid pace.

These pages invite you to notice comfort, environment, and choice. They are not instructions to push through pain or override your own professional guidance.
